Mozo Experts Choice Awards Personal Loans

Methodology Report November 2017

Mozo Experts Choice Awards

The Mozo Experts Choice Awards recognise products that deliver exceptional value or benefits to consumers.

Product providers don't pay to be in the running and we don't play favourites. Our judges base their decision on hard-nosed calculations of value to the consumer, using Mozo's extensive product database and research capacity. Every day, Mozo keeps track of thousands of products in banking, insurance and energy.

Within each category, awards are typically given to the top 10% of products. All winning products are deemed worthy of consideration as a good value product in that category; we do not publish a ranking of products within the winners list.

Additional awards may also be given to recognise a product provider who has won a broader range of product awards than any other.

What products do we consider?

In carrying out the Mozo Experts Choice Awards in Personal Loans we analysed 239 personal loan products issued by 73 Australian financial institutions based on data contained in Mozo's product database as at 20 October 2017.

We aim to include most personal loan providers in the market in the Mozo Experts Choice Awards. However, not every personal loan product on the market will be included in our review.

Any personal loan product we review must be available in the market at the time of our analysis and any offers included must be available to the general public on the provider's website.

How many winners are there?

For the Experts Choice Awards Mozo awards the top 10% of products, but no more than 10, in each category. Where the same product is available from a number of related institutions all institutions were given the award.

To recognise that some people would prefer to conduct their banking with a product offered by one of the 'big 4' banks we aim to award a 'big 4' product in each category. Where none appears in the winner group the highest ranked product offered by a big 4 bank is awarded, providing all criteria for that award has been met. Any awards of this type are noted as such at the bottom of the results list for the category.

To recognise the provider that has been the most successful in these awards, we may award an overall provider of the year award. The overall award would go to a provider that has won awards in a larger and/or broader range of categories, including any award categories the judges consider to be a must-have category.

Mozo Experts Choice Awards Personal Loan Winners 2017

1) Car Loan

Provider	Product
Beyond Bank	Low Rate Car Loan

Provider	Product
Police Bank	Green Loan

7) Green Car Loan

Provider	Product
Bank Australia	Fixed Car Loan

8) Personal Line of Credit

Provider	Product
Citi	Ready Credit Fixed Payment Option

Personal Loans - how are the winners determined?

Mozo Experts Choice Awards for Personal Loans are awarded in the following categories and based on the following methodology:

Calculations

For the New Car Loan category we calculated the cost (including principal, interest, fees and charges) of a \$30,000 loan repaid over 5 years,

The Used Car Loan category was based on the same term but a loan amount of \$15,000.

For the general purpose Secured Personal Loan, Unsecured Personal Loan and Excellent Credit Personal Loan categories we calculated the cost (including principal, interest, fees and charges) of a \$10,000 loan repaid over 3 years.

For the Green Personal Loan category we used \$10,000 over 3 years and for the Green Car Loan we used \$30,000 over 5 years. For the Line of Credit category we calculated the cost of interest only payments and fees for a \$10,000 outstanding balance over 3 years.

The applicable interest rate, whether variable or fixed, and all mandatory fees, were taken into account in the calculations. The mandatory fees are Application fee, Regular service fees and Exit fee. We also considered the impact any Early Repayment fees might have on those wishing to clear debt earlier.

Where the interest rate varied depending on loan amount the relevant rate for the amounts above was used. To allow for variations in rates and fees over time we performed this calculation at three dates and averaged

the results. The dates used were 20 August 2017, 20 September 2017 and 20 October 2017. Any loans not available at each of these three dates were excluded from the final analysis.

Where a product offers multiple rate options (e.g. fixed, variable, secured, unsecured, etc.) each option qualifying for inclusion in the category was assessed separately and, unless otherwise specified in the lists of winners, all rate options qualified for the award.

Products requiring a deposit were not eligible for awards.

We did not consider whether a new or used car loan requires security over the car being purchased.

We did not consider any other features or exception fees in our assessment including:

- Late payment fees
- Whether extra repayments can be made to pay off the loan faster

1) Car Loan

Aim: To identify for the lowest cost personal loans for consumers buying a new car, including products specifically for purchasing a new car as well as broader products that could also be used to fund the purchase of a car.

Method: We identified all loans in the Mozo database that can be used to purchase a new car, and performed the cost calculation as detailed above. Products are ranked from lowest to highest cost based on the above calculations and the top 10% were given awards.

2) Used Car Loan

Aim: To identify for the lowest cost personal loans for consumers buying a 5-year-old used car, including products specifically for purchasing a

used car as well as broader products that could also be used to fund the purchase of a car.

Method: We identified all loans in the Mozo database that can be used to purchase a used car, and performed the cost calculation as detailed above.

Products are ranked from lowest to highest cost based on the above calculations. Those allowing the purchase of a 5-year-old car were identified and the top 10% were given awards.

3) Secured Personal Loan

Aim: To identify the lowest cost personal loans for consumers that can be used for any purpose but require the loan to be secured against assets.

Method: We identified all loans in the Mozo database that do not have restrictions on the use of the funds but do require provision of an asset as security, and performed the cost calculation as detailed above.

Products are ranked from lowest to highest cost based on the above calculations and the top 10% were given awards.

4) Unsecured Personal Loan

Aim: To identify the lowest cost personal loans for consumers that can be used for any purpose without the need to provide security.

Method: We identified all loans in the Mozo database that do not have restrictions on the use of the funds and do not require provision of security, and performed the cost calculation as detailed above. Only lenders where all (or the vast majority) of approved applicants get the advertised rate were eligible for awards in this category.

Products are ranked from lowest to highest cost based on the above calculations and the top 10% were given awards.

5) Excellent Credit Personal Loan

Aim: Some lenders vary the interest rate on a loan depending on an applicant's credit score and application. This category aims to identify the lowest cost unsecured, general purpose, personal loans from any lender for a consumer with an 'excellent' credit score.

Method: All loans in the Mozo database were assessed that do not have restrictions on the use of the funds, and do not require provision of security. The rate used was the advertised rate or the best rate available for those that have variable pricing.

The cost calculation detailed above was performed, based only on the rate that would be offered to a borrower assessed as qualifying for their best rate.

Products are ranked from lowest to highest cost based on the above calculations and the top 10% were given awards.

6) Green Personal Loan

Aim: To identify the lowest cost personal loans designed specifically to fund the purchase of environmental improvements for the home (such as solar energy systems, rainwater tanks, and insulation).

Method: We identified all loans that can only be used for environmentally friendly home improvements, and do not require provision of security, then performed the cost calculation as detailed above.

7) Green Car Loan

Aim: To identify the lowest cost personal loans designed to reward the purchase of low emissions cars.

Method: We identified all loans that offer specific rates or fees for the purchase of low emissions vehicles, then performed the cost calculation as detailed above.

8) Personal Line of Credit

Aim: To identify the lowest cost line of credit for consumers that can be used for any purpose without the need to provide security.

Method: We identified all loans in the Mozo database that operate as lines of credit, allowing the funds to be redrawn up to the approved credit limit at any time, and performed the cost calculation as detailed above.

How we manage conflicts of interest

Mozo Experts Choice awards are based on objective verifiable facts and analysis wherever possible, and any assumptions made are set out in this report. Mozo's research team analyses product data and determines the winners in each Mozo Experts Choice category without reference to Mozo's sales or commercial functions.

A provider can participate in the Mozo Experts Choice Awards free of charge.

Mozo charges a licence fee to providers should they wish to use the Mozo Experts Choice Awards badges in their own marketing activities. Mozo may also offer promotional packages that may be purchased.

A product provider may also choose to list its products on the Mozo website in a way that may generate revenue for Mozo.

Mozo Experts Choice awards are awarded irrespective of a product provider's commercial relationship with Mozo.

DISCLAIMER: Any statement in this document is general in nature and does not take into account your situation or needs. Before choosing a product, you should consider whether it's appropriate to you and you should read all the information available from the product provider.

Mozo Pty Ltd provides a comparison service with the goal of helping consumers to make their own financial decisions and save money. Mozo offers consumers a comprehensive product comparison service that covers the retail banking market, general insurance, life insurance, business banking, and energy.

Hundreds of thousands of Australians a month use Mozo's comparison service. Mozo's comparison technology and expertise has been used by some of Australia's largest online publishers.

Mozo holds an Australian Financial Services Licence and an Australian Credit Licence. Mozo's management team have experience in consumer credit and financial services in a variety of roles from executive management, marketing, actuarial services and technology. Mozo's team are often called upon to provide expert media commentary in relation to the product areas they cover.

Our Experts Choice Awards analysis is overseen by :

AJ Duncanson is our Data Services Director. AJ has worked in financial services and product comparison for over 27 years in Australia and the UK and is a qualified actuary. He is a Responsible Manager for Mozo's Australian Financial Services Licence.

Peter Marshall is our Product Data Manager. He has over 30 years' experience in finance, including managing product data at other financial comparison sites before Mozo. Peter is a Responsible Manager for Mozo's Australian Financial Services Licence and Australian Credit Licence.

Important Information

Under Mozo's Australian Credit and Financial Service Licence it is permitted to provide factual or general information that is sourced from external providers and not from Mozo itself. The information published in this report is of a general nature only.
